

Jon Guy
LIGHTING CAMERAMAN

I love the varied nature of my job and the many interesting people whose paths I cross as a result of it. I'm equally happy lighting an interview for a corporate film, or following actuality for a tv show; being responsible overall for a team of camera operators or simply being an operator myself. I also have experience of operating PTZ's and feel very at-home in a live environment. I own a comprehensive 4k shooting kit, including lights, comms and grip and have a current i-visa to be able to work in the United States. To take a look at my showreel, please visit www.thecameraguylimited.co.uk
